

REPLACEMENT PARTS LISTING

MAIN PARTS LIST (reference Figure #3) for the MytiSpray Reservoir Modules P723-B & P728-B

The following parts are common to all MytiSpray Reservoir Modules

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
6	NUT058	2	NUT, Hexagon: jam
7	RGO030	2	RING, "O" type: seal
8	INL026	1	INLET, Sight:
9	RGO013	2	RING, "O" type: seal
11	OUT009	1	OUTLET, Sight:
12	RGO034	1	RING, "O" type: seal
13	PLG026	1	PLUG, Sight:
14	FIL018	1	FILTER, Fluid:
15	FIT057	1	FITTING, Elbow: barb
16	FIT073	1	FITTING, Elbow: barb
17	OUT011	1	OUTLET, Bulkhead:
18	RGO082	1	RING, "O" type: seal
19	NUT170	1	NUT, Special: jam
20	FIT062	1	FITTING, Plug: pipe
21	OUT010	1	OUTLET, Drain:
22	RGO051	1	RING, "O" type: seal
23	NUT062	1	NUT, Hexagon: jam
24	FIT076	1	FITTING, Nut:
25	FIT077	2	FITTING, Support: tube
26	TUB218	1	TUBE, Plastic:
27	FIT038	1	FITTING, Adapter: comp

The following parts are common to the MytiSpray Reservoir Module Model P723-B

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
1	RES030	1	RESERVOIR, Tank:
2	COV019	1	COVER, Tank:
3	BRK072	4	BRACKET, Mounting:
4	RGO017	4	RING, "O" type: seal
5	NUT104	4	NUT, Jam: locking
10	PIP-008	1	PIPE, Plastic: sight
28	TUB159	1	TUBE, Plastic:
**A	200BBD13	S1	MytiSpray Module

The following parts are common to the MytiSpray Reservoir Module Model P728-B

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
1	RES031	1	RESERVOIR, Tank:
2	COV020	1	COVER, Tank:
3	BRK040	4	BRACKET, Mounting:
4	RGO013	4	RING, "O" type: seal
5	NUT107	4	NUT, Jam: locking
10	PIP-009	1	PIPE, Plastic: sight
28	TUB156	1	TUBE, Plastic:
**A	201BBD03	1	MytiSpray Module

** See MAIN PARTS LIST for the MytiSpray Module for further breakdown of parts.

E-MAIL: SALES@LSPIND.COM

Use this ILLUSTRATION for all INSTRUCTIONS

Items called out in the ILLUSTRATION are identified in the INSTRUCTIONS by ALL CAPITAL LETTERS

The term UNIT is used to designate the entire MytiSpray Module

MytiSpray Reservoir
Module P-723 & P-728

SUPPLEMENTAL INSTRUCTIONS

These INSTRUCTIONS rely heavily on information found in supplemental Instruction Sheets. Before starting, make sure that the INSTALLATION, OPERATION, and TROUBLESHOOTING Instructions with the following subtitles are available for reference.

- for the MytiSpray Model No. P125
Describes the operation and maintenance of the MytiSpray. The MytiSpray provides the lubricant spraying function.
- for the On/Off Manifold Model P924
Describes using the On/Off MANIFOLD to split-up and control the DISTRIBUTION LINES.
- for the (appropriate ACTUATOR chosen)
Describes the device chosen to actuate the UNIT. There are a variety of these. You must have one to operate the UNIT, and along with it, must have it's Instruction Sheet.

If any of the Instruction Sheets called for above are missing, they must be located. If they cannot be found, request replacements for whichever is missing from L.S.P.

These supplemental Instruction Sheets will be necessary for proper installation and maintenance of the UNIT, always keep them attached to these Instructions.

NOTE:
These Instructions cover three different Model Units. Most of the data herein pertains to all; however, should a paragraph only pertain to specific Models, that paragraph will begin "Only for Model No...." and give the respective Model Number(s) for that UNIT.

INSTALLATION INSTRUCTIONS

A. Installing the Actuator

See the Instruction Sheet for the **ACTUATOR** you have chosen to use. Follow the given **INSTALLATION INSTRUCTION** supplied with that **ACTUATOR**.

If you have no **ACTUATOR**, see the **ACCESSORIES** Section of the **MytiSpray** Instruction Sheet for a list of those available.

B. Installing the UNIT

See the **MytiSpray's** Instruction Sheet under the heading **Installing the MytiSpray**.

1. Locating the UNIT

Consider the suggestions given for the **MytiSpray** under the similar heading. The same applies for this **UNIT**.

2. Mounting the UNIT

Only for Model No. P720. Drill and tap for four 1/4-20 screws on center with the holes in the **MOUNTING PLATE**.

Use the **SPACING WASHERS** supplied to keep the **PLATE** away from the mounting surface (done to relieve for protrusions on the back side of the **PLATE**).

Insert screws through the holes and washers, and torque securely into the tapped holes.

Only for Model No. P723 or P728. The **UNIT** can be simply set into place on the feet provided by the **RESERVOIR**, or can be mounted on a wall using the holes provided in the tabs of the **RESERVOIR**.

For wall mounting; drill and tap for two 1/4-20 screws on center with holes in **RESERVOIR**. Insert screws and torque.

C. Installing the Fluid Supply

Only for Model No. P720. See the **MytiSpray's** Instruction Sheet under the similar heading. Use the appropriate area in the instructions (for using a **RESERVOIR** or **PUMP**).

Only for Model Nos. P723 & P728. A **RESERVOIR** is included with these **UNITs**, which is simply filled with the lubricant.

D. Installing Air Supply

See the **MytiSpray's** Instruction Sheet under the same heading. The same principles apply for this **UNIT**.

The **AIR FILTER/REGULATOR/LUBRICATOR** which is recommended in the Instruction is included with this **UNIT**. The **AIR SUPPLY** is to be connected at it's **AIR INLET PORT** as illustrated.

E. Installing the Distribution System

See the **MytiSpray's** Instruction Sheet under the same heading. The same principles apply for this **UNIT**.

REPLACEMENT PARTS LISTING

MAIN PARTS LIST (reference Figure #1) for the MytiSpray Modules

The following parts are common to all the MytiSpray Modules

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
2	WAS003	6	WASHER,Plain:1/4"
3	SCR008	4	SCREW,Cap:
4	FIT070	1	FITTING,Elbow:
5	TUB304	1	TUBE,Copper:
6	FIT071	1	FITTING,Adapter:
7	WAS001	2	WASHER,Lock:#10
8	SCR023	2	SCREW,Cap:
9	459BRK02	1	BRACKET ASSY:union
10	ADP065	1	ADAPTER,Mounting:
11	NUT063	2	NUT,Jam:special
12	BRK043	1	BRACKET,Mount:
13	SCR075	2	SCREW,Cap:
A	230EJT02-B	1	MytiSpray Unit
B	290MAN10	1	On/Off Manifold
C	REG017	1	Air Regulator/Oiler

The following parts are common to the P720-B MytiSpray Module only.

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
1	PLT066	1	PLATE,Mounting:
2	WAS003	4	WASHER, Plain: 1/4"
14	SPC016	4	SPACER,Mounting:
15	SCR035	4	SCREW,Cap:

The following part is common to the P723-B MytiSpray only.

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
1	PLT066	1	PLATE,Mounting:

The following part is common to the P728-B MytiSpray only.

Key Part No.	No. Number	No. Pcs	Description -or- Part Name
1	PLT067	1	PLATE,Mounting:

Figure #1

To eliminate redundant parts in the drawing we have used the 2 port Manifold in place of the 4 port manifold. Just one valve system is shown in place of three valve systems.

PART LIST "B" 290-MAN-10 Manifold Assembly

(reference Figure #2)

Key Part No.	No. Number	No. Pcs	Description -or-Part Name
1	SCR-060	3	SCREW, Button Head
2	MLD-051	3	MOLDING, Knob: small
3	SCR-086	6	SCREW, Cap: soc hd.
4	PLT-071	3	PLATE, Retainer: small
5	RGB-032	3	RING, Backup: solid
6	RGO-057	3	RING, "O": seal.
7	STM-002	3	STEM, Valve: on/off.
8	HSG-226	1	HOUSING, Valve.
9	SET-036	6	SEAT, Valve: on/off
10	BAL-052	3	BALL, Valve: on/off.
11	OUT-014	3	OUTLET, Valve: 1/4 comp
12	FIT-017	3	CAP, 1/4 comp.
13	FIT-021	1	FITTING, Adapter

PART LIST "C" REG-019 Air Handling

Includes all except GAU-001
(reference Figure #2)

Key Part No.	No. Number	No. Pcs	Description -or-Part Name
1	ACY023	1	BONNET,Regulator:
2	GAU001	1	GAUGE,Pressure:
3	RGO037	2	RING,"O" type:seal
4	ACY021	2	BOWL,Filter/Oiler:
5	RGO089	2	RING,"O" type:seal
6	ACY033	1	ACCESSORY, Spacer:brk
7	ACY024	1	BONNET,Oiler:
8	ACY022	1	DOME,Oiler:

OPERATING INSTRUCTIONS

All operation concerning the spraying of the lubricant is the same as described in the **MytiSpray's OPERATING INSTRUCTION**. Follow the instructions given therein.

All operation concerning the control of the **UNIT** is described in the **OPERATING INSTRUCTIONS** for the chosen **ACTUATOR**. Follow the instructions given therein.

TROUBLESHOOTING

See the appropriate **TROUBLESHOOTING INSTRUCTIONS** for the **MytiSpray** or **ACTUATOR** depending on the type of problem to be solved.

Use the **REPLACEMENT PARTS LISTING** at the left and at the back for parts not found in the other Instructions.
